

#### **§ 32.5084**

charges and surcharges. Such subsidiary record categories shall be reported as required by part 43 of this Commission's Rules and Regulations.

#### **§ 32.5084 State access revenue.**

(a) This account shall include all state tariffed charges assessed by local exchange carriers upon interexchange carriers and end users for access to the local exchange network for intrastate telecommunications.

(b) Billing and collections services provided under exchange access tariffs shall be included in Account 5270, Carrier Billing and Collection Revenue.

#### **§ 32.5100 Long distance message revenue.**

(a) This account shall be used by Class A telephone companies for revenue derived from message services that terminate beyond the basic service area of the originating wire center and are individually priced. This includes those message services which utilize the public long distance switching network and the basic subscriber access line. (See also Account 5111, Long Distance Inward-Only Revenue, and Account 5112, Long Distance-Outward Only Revenue.) It also includes those long distance calls placed from mobile and public telephones, as well as any charges for operator assistance or special billing directly related to the completion of a specific call. This account shall also include revenue derived from individually priced message services offered under calling plans (discounted long distance) which do not utilize dedicated access lines, as well as those priced at the basic long distance rates where a discounted toll charge is on a per message basis. Any revenue derived from monthly or one-time charges for obtaining calling plan services shall be included in this account.

(b) Class B telephone companies shall use this account for revenues of the type and character required of Class A companies in Accounts 5100 through 5169.

#### **§ 32.5110 Unidirectional long distance revenue.**

This account number shall be used by Class A telephone companies to sum-

#### **47 CFR Ch. I (10-1-00 Edition)**

marize for reporting purposes the contents of Accounts 5111 and 5112. It shall include revenue derived from long distance services which permit unidirectional calls to a subscriber from specified service areas or which permit the subscriber to place telephone calls from one location to other specified service areas. It shall also include revenue derived from toll calling plans which embody flat-rate or measured time toll service. (See also Account 5100, Long Distance Message Revenue.)

#### **§ 32.5111 Long distance inward-only revenue.**

This account shall include the revenue derived from long distance services which permit unidirectional calls to a subscriber from specified service areas (multipoint-to-point service). These calls require the use of dedicated access lines connecting a subscriber's premises and a designated central office. These dedicated access lines are generally separate from those required for the subscriber to place outward calls. The call is billed to the subscriber even though it is generally initiated by the subscriber's customer or correspondent.

#### **§ 32.5112 Long distance outward-only revenue.**

This account shall include revenue derived from long distance services which permit the subscriber to place telephone calls from one location to other specified service areas (point-to-multipoint service). These calls are completed without operator assistance and require the use of a dedicated access line. The dedicated access line is generally separate from those required for inward message services and cannot be used to place calls within the basic service area or calls outside the selected service areas. Outward calls are screened and blocked to determine whether the calls are within an authorized service area.

#### **§ 32.5120 Long distance private network revenue.**

(a) This account number shall be used by Class A telephone companies to summarize for reporting purposes the contents of Accounts 5121 through 5129.

## Federal Communications Commission

## § 32.5126

It shall include revenue derived from services extending beyond the basic service area that involve dedicated circuits, private switching arrangements, and/or predefined transmission paths, whether virtual or physical, which provide communications between specific locations (e.g., point-to-point communications).

(b) Service connection charges, termination charges, rearrangements and changes, etc., shall be included in each account to which they apply. Revenue derived from associated administrative and operational support services shall be included in Account 5128, Other Long Distance Private Network Revenue.

### § 32.5121 Subvoice grade long distance private network revenue.

This account which consists of revenue from narrow-band analog private network circuits and facilities furnished exclusively for record forms of communications, such as teletypewriter, teletypesetter, telewriter, ticker, Morse, signaling, remote metering, and supervisory services.

### § 32.5122 Voice grade long distance private network revenue.

This account consists of revenue from private network circuits and facilities (including multipurpose wide-band) which provide voice grade services for the transmission of analog signals. It includes revenue from services such as voice, data and telephoto communication, as well as remote metering, supervisory control, miscellaneous signaling and channels furnished for the purpose of extending customer—provided communications systems. It includes revenue from the provision of facilities between customer premises and (a) a serving office, (b) a carrier distribution point or (c) an extension distribution channel, except when furnished as a subscriber access line under an unidirectional long distance service (in which case the revenue should be included in Account 5111, Long Distance Inward-Only Revenue, or Account 5112, Long Distance Outward-Only Revenue.)

### § 32.5123 Audio program grade long distance private network revenue.

(a) This account consists of revenue from private network circuits and facilities furnished for audio program transmission purposes, such as radio broadcasting, sound recording (wired music) and loud speaker services. It includes revenue from the provision of facilities for the transmission of analog signals between customer premises and (1) a serving office, (2) a carrier distribution point or (3) an extension distribution channel furnished in connection with such services. It also includes revenue from facilities furnished to carry the audio portion of a television program if furnished under separate audio rates.

(b) If the rate for television program services includes both the picture and sound portion of the transmission, the revenue shall be included in Account 5124, Video Program Grade Long Distance Private Network Revenue.

### § 32.5124 Video program grade long distance private network revenue.

This account consists of revenue from private network circuits and facilities furnished for television program transmission purposes, such as commercial broadcast and educational or private television services. It includes revenue from the provision of facilities for the transmission of analog signals between customer premises and (a) a serving office, (b) a carrier distribution point or (c) an extension distribution channel furnished in connection with such services. It also includes revenue from both the picture and sound portions of transmission for television program service when provided under a combined rate schedule.

### § 32.5125 Digital transmission long distance private network revenue.

This account consists of revenue from the provision of circuits and facilities for the transmission of digital signals only.

### § 32.5126 Long distance private network switching revenue.

This account consists of revenue derived from the provision of common
